Wing Lockers
Full enclosed lavatory

The Beechcraft King Air 200 is a twin-turboprop aircraft celebrated for its versatility, reliability, and rugged performance. With a range of approximately 800 nautical miles and the ability to operate from shorter or unimproved runways, it's an ideal choice for regional missions where access and efficiency matter most.

The cabin comfortably seats up to nine passengers in a pressurized, executive layout featuring club seating, fold-out tables, ample luggage capacity, and a fully enclosed lavatory. The King Air 200 is an ideal and cost-effective option for shorter trips.
